A Christian songwriter named Ron Hamilton lost an eye due to cancer. As he recovered from surgery, he wore a patch over his eye which caused the children at his church to begin affectionately calling him "Patch the Pirate." Ron and his wife, Shelly, were then led of the Lord to begin a ministry of encouraging Christian growth in children through the audio adventures of Patch the Pirate as he "sailed" around the world learning more about God and how to please Him. Since 1984, children have enjoyed "sailing" with Patch through weekly Patch the Pirate Clubs. For more information, visit <https://www.majestymusic.com/patch-clubs>
